

Attention Caregivers of Children Ages 0-5!

ECCP is Now Providing FREE Virtual Consultation Services for Families, Children, Teachers, and Early Childhood Programs!

The Early Childhood Consultation Partnership (ECCP) has developed a new way to continue to support ECE Centers and Family Based Child Care Providers with a virtual version of ECCP!

We are open for referrals at this time!
ECCP Consultants can support you with:

Returning to school.
Challenging behaviors of children.
Adjusting to changes.
Stress management & self-care.
Any other social-emotional needs of children & caregivers.

***Please contact Tiffani Olenik (Early Childhood Consultant) for referrals or more information: tolenik@MFCGC.org or (203) 858-2503**

The Early Childhood Consultation Partnership® is a state-wide program designed to improve the overall social and emotional health of children from birth to age 5. Masters level consultants work within a relationship-based model in order to support parents and Early Childhood teachers with strategies to promote children's social emotional development, as well as their success in the classroom and at home.
