All sessions are FREE. Special thanks to the Stamford Cradle to Career and Stamford Public Schools for sponsoring these trainings.

Working restoratively is a social/relational rather than a behaviorist model. Embracing restorative practices is not a program but rather a way of thinking, being and operating in the day-to-day. Noted school climate expert, Jo Ann Freiberg of **School Climate Consultants**, will lead each of these virtual sessions.

For questions, contact Yolande Ford at yolande.ford@uwwesternct.org
